

We are looking for volunteer solicitors & barristers to support two exciting new grant-funded initiatives - that will address access to justice

1 - A Virtual Law Clinic (VLC) this will be delivered in partnership with Citizen's Advice Bureau in Somerset. We are looking for volunteers who can offer employment or family law advice via Skype to clients who will be supported by trained volunteers.

2 - A Litigant in Person project which aims to support clients attending Family Law Courts. This may be achieved by calling or meeting the client to talk through the process, representation in court or unbundling aspects of the case and providing support.

We are looking for a minimum commitment of one evening session every 4 weeks on either a Tuesday or a Thursday evening between 5pm – 8pm.

Contact Ginette Corr to express your interest
ginettec@abl.org.uk

Our new Pro Bono Clinic Coordinator will shortly send out invitations to an open evening to provide more project information.

We do hope that you will be able to support these projects and we look forward to hearing from you
