

Monday 6th July 2026

Dear friend of SARI

We would like to invite you to our 2025-2026 Annual General Meeting (AGM) which is kindly being hosted in person by Burges Salmon, One Glass Wharf, Bristol, BS2 0ZX and virtually online via MS Teams.

This year, as well as formal business, our AGM will be themed on *Tackling hate for people in frontline services*. We have seen lots of requests for support from agencies and by staff regarding hate being faced in frontline services such as hospitals, mental health and homelessness, social care, support and criminal justice services this year. We have seen a rise in the level of abuse and the impact it is having on many frontline environments and so felt this is an important topic to focus on.

At our AGM, you'll get to hear from inspirational speakers who have been responding to incidents and the trauma being faced by staff and service users in frontline settings and about some of the work and learning we have achieved over the past year on this issue.

As with all SARI AGMs, a few of our service users will be contributing testimonies to help inform ideas for the future and you can also share your thoughts or ask questions during the meeting too.

To confirm your attendance and to get more information either to attend our event in person or to get your online link for joining – please register on Eventbrite here: [SARI AGM 19-08-26](#)
